

(d) The data collected in a special printing survey shall be considered adequate for computing paylines if the unweighted job matches for non-supervisory jobs include at least 20 matches in the grade 1 through 5 range, 20 matches in the grade 6 through 8 range, 40 matches in the grade 9 and above range, and 60 additional matches at any grade.

(e) Each survey job used in computing printing schedule paylines must include a minimum of three unweighted matches.

(f) Special printing schedules shall have three step rates with the payline fixed at step 2. Step 1 shall be set at 96 percent of the payline rate, and step 3 shall be set at 104 percent of the payline rate.

(g) No step 3 rate on a special printing schedule shall be less than the maximum rate of the corresponding grade on the regular wage schedule for the wage area. If an adjustment is required under this provision, the payline rate of the special schedule shall be adjusted so as to provide a step 3 special schedule rate equal to the maximum rate of the corresponding regular schedule grade when the formula in paragraph (f) of this section is applied. Step 1 shall be set at 96 percent of the adjustment payline rate.

(h) The waiting period for within-grade increases under special printing schedules is 26 weeks between steps 1 and 2 and 78 weeks between steps 2 and 3.

(i) Special printing schedules shall be effective on the same date as the regular wage schedules for the authorized wage areas.

(j) A special printing schedule is authorized in the Washington, DC, wage area.

§ 532.281 Special wage schedules for divers and tenders.

(a) Agencies are authorized to establish special schedule payments for prevailing rate employees who perform diving and tending duties.

(b) Employees who perform diving duties shall be paid 175 percent of the locality WG-10, step 2, rate for all payable hours of the shift.

(c) Employees who perform tending duties shall be paid at the locality WG-10, step 2, rate for all payable hours of the shift.

(d) Employees whose regular scheduled rate exceeds the diving/tending rate on the day they perform such duties shall retain their regular scheduled rate on that day.

(e) An employee's diving/tending rate shall be used as the basic rate of pay for computing all premium payments for a shift.

(f) Employees who both dive and tend on the same shift shall receive the higher diving rate as the basic rate for all hours of the shift.

§ 532.283 Special wage schedules for nonappropriated fund tipped employees classified as waiter/waitress.

(a) Tipped employees shall be paid from the regular nonappropriated fund (NAF) schedule applicable to the employee's duty station.

(b) A tip offset may be authorized for employees classified as Waiter/Waitress. For purposes of this section, a tipped employee is one who is engaged in an occupation in which he or she customarily and regularly receives more than \$30 a month in tips, and a tip offset is the amount of money by which an employer, in meeting legal minimum wage standards, may reduce a tipped employee's cash wage in consideration of the receipt of tips.

(c) A tip offset may be established, abolished, or adjusted by NAF instrumentalities on an annual basis and at such additional times as new or revised minimum wage statutes require. The amount of any tip offset may vary within a single instrumentality based on location, type of service, or time of service.

(d) If tipped employees are represented by a labor organization holding exclusive recognition, the employing NAF instrumentality shall negotiate with such organization to arrive at a determination as to whether, when, and how much tip offset shall be

applied. Changes in tip offset practices may be made more frequently than annually as a result of collective bargaining agreement.

(e) Tip offset practices shall be governed by the Fair Labor Standards Act, as amended, or the applicable statutes of the State, possession or territory where an employee works, whichever provides the greater benefit to the employee. In locations where tip offset is prohibited by law, the requirements of paragraphs (c) and (d) of this section do not apply.

§ 532.285 Special wage schedules for supervisors of negotiated rate Bureau of Reclamation employees.

(a) The Department of the Interior shall establish and issue special wage schedules for wage supervisors of negotiated rate wage employees in the Bureau of Reclamation. These schedules shall be based on annual special wage surveys conducted by the Bureau of Reclamation in each special wage area. Survey jobs representing Bureau of Reclamation positions at up to four levels will be matched to private industry jobs in each special wage area. Special schedule rates for each position will be based on prevailing rates for that particular job in private industry.

(b) Each supervisory job shall be described at one of four levels corresponding to the four supervisory situations described in Factor I and four levels of Subfactor IIIA of the FWS Job Grading Standard for Supervisors. They shall be titled in accordance with regular FWS practices, with the added designation of level I, II, III, or IV. The special survey and wage schedule for a given special wage area includes only those occupations and levels having employees in that area. For each position on the special schedule, there shall be three step rates. Step 2 is the prevailing rate as determined by the survey; step 1 is 96 percent of the prevailing rate; and step 3 is 104 percent of the prevailing rate.

(c) For each special wage area, the Bureau of Reclamation shall designate and appoint a special wage survey committee, including a chairperson and two other members (at least one of whom shall be a supervisor paid from

the special wage schedule), and one or more two-person data collection teams (each of which shall include at least one supervisor paid from the special wage schedule). The local wage survey committee shall determine the prevailing rate for each survey job as a weighted average. Survey specifications are as follows for all surveys:

(1) Tailored to the Bureau of Reclamation activities and types of supervisory positions in the special wage area, private industry companies to be surveyed shall be selected from among the following Standard Industrial Classification Major Groups: 12 coal mining; 13 oil and gas extraction; 14 mining and quarrying of nonmetallic minerals, except fuels; 35 manufacturing industrial and commercial machinery and computer equipment; 36 manufacturing electronic and other electrical equipment and components, except computer equipment; 42 motor freight transportation and warehousing; 48 communications; 49 electric, gas, and sanitary services; and 76 miscellaneous repair services. No minimum employment size is required for surveyed establishments.

(2) Each local wage survey committee shall compile lists of all companies in the survey area known to have potential job matches. For the first survey, all companies on the list will be surveyed. Subsequently, companies shall be removed from the survey list if they prove not to have job matches, and new companies will be added if they are expected to have job matches. Survey data will be shared with other local wage survey committees when the data from any one company is applicable to more than one special wage area.

(3) For each area, survey job descriptions shall be tailored to correspond to the position of each covered supervisor in that area. They will be described at one of four levels (I, II, III, or IV) corresponding to the definitions of the four supervisory situations described in Factor I and four levels of Subfactor IIIA of the FWS Job Grading Standard for Supervisors. A description of the craft, trade, or labor work supervised will be included in each supervisory survey job description.
